New York Citizens Frisked While Looking at Moon.

New York, April 28.—Midnight street crowds were excited by the spectacle of a disk of radiance just around the moon—something like the rings ordinarily seen in humid weather, but smaller and considerably brighter.

The refraction from the scum of clouds that blew across the moon from time to time lent greater brilliance to the ring which now and then turned from silver-gold to all the colors of the rainbow and back again. Many corners in the theater districts were blocked for some time by the moon gazers and pickpockets did a thriving business.

LEFT THE BUILDING.

Kind Hearted Thieves Take Only Chairs, Machines and Curtains.

Los Angeles, April 28.—Leaving only the bare walls, floor and ceiling, burglars, using automobile trucks, carted away the entire furnishings and fixtures of a moving picture theater owned by W. W. Hindman at Santa Barbara and Wall streets at an early hour this morning. The loot included 400 opera chairs, three picture machines, an asbestos and two other curtains, electric fans, carpets and fixtures.

For the Alaskan Railroad. Seattle, Wash., April 28.—The first large requisition for supplies for use of the Alaska engineering commission in constructing the government's Alaska railroad has been received by the commission's purchasing agent here. The order calls for 900,000 feet of lumber, mostly bridge material, 20,000 standard railway ties and a miscellaneous assortment of bolts, spikes and washers. Bids for the material will be opened May 6.

IN GREAT DANGER.

Astrologer Says Roosevelt Will Have Trouble in 1915.

Hoboken, N. J., April 28.—Because the "evil and sorrowful planet Saturn" is just now afflicting the moon, while "the evil and fiery planet Mars" is in "square or evil aspect to the planet Uranus," Prof. Gustav Meyer, an astrologer of Hoboken, today predicted these things for Colonel Roosevelt.

The year 1915 will prove evil or unfortunate for the colonel, and he will experience keen disappointment and have unexpected financial losses. His life will be in jeopardy.

It is safe to predict he will lose in the Barnes-Roosevelt affair. But this will greatly enhance his prestige and make him more popular and better liked than ever before. I look for his nomination in 1916 by the Republican party.

GRAPE JUICE SYRUP.

Bryan's Favorite Drink Concentrated for Soft Drinks.

Washington, April 28.—The department of agriculture has found a way to concentrate grape juice and help the boom started by Secretary Bryan when he adopted that drink as his strongest beverage. Mr. Bryan is delighted.

The more the better," he said. The department has a method by which the juice is concentrated into a syrup suitable for use in soft drinks and as an adjunct to cooking.

The method consists in freezing this juice into solid ice, cracking this ice into pieces, the size of a walnut, and whirling it in a centrifugal machine such as is used in separating molasses from sugar in sugar making.

AGGIE GIRLS VISIT K. C.

Home Economics Students Will Inspect Harvey House and Packers.

Manhattan, Kan., April 28.—Thirty of the junior girls who are taking home economics will make their annual trip to Kansas City May 3 and 4 for the purpose of visiting markets, factories, high schools and restaurants on an inspection trip. Miss Margaret Haggart, professor of domestic science in the Agricultural college, and Miss Mayme Davis and Miss Ida Rigney, instructors in the same department, will accompany the girls.

Monday morning will be spent in visiting the Harvey eating house and studying the way in which it is managed. This visit will be of especial interest to the girls who are taking institutional management work. The rest of the day will be spent visiting the high schools and studying the methods of presenting home economics. Tuesday the girls will visit Armour's packing plant, the Loose-Wiles, and the National Biscuit company's factories. If the girls have time a number of other factories and markets will be visited.

WANTS CITY MANAGER LAW.

Lawrence Professor Would Have Colleges Give Instruction.

Lawrence, Kan., April 28.—A state law requiring efficient city managers and the establishment of courses in all universities to fit men for these positions are deemed necessary to the success of the commission form of government by Prof. F. W. Blackmar of the University of Kansas. He also advocates the election of a commission which will serve the community without pay and in a general way supervise the work of the hired manager.

Dean Blackmar says: "The city manager plan of government will fall like other methods of popular government unless we can have experts to fill the position of manager. Eventually I believe this will be as much a profession as engineering, medicine, or law, and a person will not be chosen for such a position until he has the requisite preparation. Yet it will take a tremendous amount of education to convince the people on this point, even though a number of cities have already begun to experiment with the municipal manager plan."

KANSAS MANAGES RANCH.

Son of Ex-Congressman Calderhead Has Charge of Mexican Ranch.

Marysville, Kan., April 28.—Another Kansan who has "made good" is William Calderhead, jr., son of ex-Congressman Calderhead, a former Marysville boy. He is overseer of a cattle ranch in Mexico that contains 110,000 acres. The stock is shipped to Kansas City. After a short visit with relatives he has just returned to his home, which is at Cumpas, Sonora, Mexico. Mr. Calderhead is the only white man on the mammoth ranch.

GETS JOB AT BELLEVILLE.

Jewell City School Sup't Makes Change After 7 Years' Work.

Jewell City, Kan., April 28.—Superintendent L. D. Griffie, formerly seven years at head of Jewell schools, now at Goodland, has been engaged by the Belleville school authorities as superintendent at a salary of \$1,500.

KANSAS INDIAN GETS PARDON. Serving Time at Richmond for Murder—Returns to Kansas.

Richmond, Va., April 28.—Pardoned after serving seven years of a 12 year term in the Virginia penitentiary for murder, Harrison Wichewah, a Pottawatomie Indian, formerly with the 101 Ranch Wild West show, is making preparations to leave for the reservation of his people in Brown county, Kansas, where his aged father is said to reside.

Wichewah killed a woman in Newport News in the fall of 1907 during the close of the Jamestown exposition. He claimed the shooting was an accident, but the jury thought otherwise.

When his tribe learned of his arrest, they sent a Kansas lawyer to Virginia to aid in his defense. Wichewah's wife is said to have died on the Kickapoo reservation a year or so ago. Both the Indian commissioner in Washington and government agent in Kansas joined the petition which brought about his pardon.

SENATOR CURTIS AT IOLA.

Will Speak at G. A. R. Memorial Day Celebration.

Iola, Kan., April 28.—The executive committee of McCook Post, G. A. R., is completing arrangements for the observance of Memorial Day, May 29. Senator Charles Curtis will deliver the principal address and a program of exercises including Lincoln's Gettysburg Address by Raymond Laury will follow.

TO RAISE \$200,000.

Jewell City Man in Chicago Attending National Board M. E. Conference.

Jewell City, Kan., April 28.—The Rev. J. R. Thomas of the M. E. church is in Chicago attending the national board meeting of conference claimants' endowment fund. Mr. H. A. Manker is also there, as he is employed by the Northwest Kansas M. E. conference to raise \$200,000 of the claimant endowment fund.

MOVIES IN CHURCHES.

Picture Shows Recommended by Dr. Shraeder at Lutheran Conference.

Ottawa, Kan., April 28.—Motion picture shows for churches were recommended by Dr. A. B. Shraeder, of Kansas City, in an address on problems and opportunities for the church, at the meeting of the northeast conference of the Kansas synod of the Lutheran church, in session at St. Paul's Evangelical church. Doctor Shraeder asserted the moral influence of strong dramas, well acted, is good. He urged the dramatization of Biblical scenes, including the life of Christ and the portrayal of Scriptural characters.

Officers elected at the conference Tuesday are: C. J. Ferster, Wellsville, president; L. A. Harshman, Ottawa, secretary; B. F. Pugh, Ottawa, treasurer.

Mrs. Guernsey to Run Again.

Washington, April 28.—Mrs. George Thatcher Guernsey, of Kansas, and Mrs. John M. Horton, of Buffalo, N. Y., left for their homes today after formally announcing their candidacy for president-general of the Daughters of the American Revolution in 1917. Mrs. Guernsey was defeated last week for the office by Mrs. William Cummings Story, of New York. Mrs. Horton failed of election by only fifty votes for president-general two years ago.

Militia Demonstration.

New York, April 28.—An elaborate demonstration of practical military work will be given tonight by the New York militia at the Forty-seventh Regiment armory. The whole state guard is invited. Maj. Gen. John F. O'Ryan, in charge, hopes to present the advantages of dirt over wood floors for armories.

And it's good advice! Select the food that contains the greatest nutrition for the least money, whether in ornately colored package or in a plain carton.

The Grape-Nuts package isn't pretty—no money is wasted upon ornament—but it's air-tight and germ-proof, to protect the food and keep it in perfect condition.

FOOD

made of selected wheat and malted barley, is delicious, concentrated, easily digested, and contains, pound for pound, more nutrition than beef—and costs less.

Grape-Nuts food has a delicious, nut-like flavour that is relished by old and young. It contains no sugar added, but its delicate sweetness is due to natural conversion of the starch of the grain into grape sugar by long, skilful baking.

It comes all ready to eat with cream or good milk and it's mighty good!
